Whispers from The Brighter World

Tuesday, March 28, 2017 — 10:00 a.m.

The Sahaj Marg Mission is progressing at its own pace; the Masters are providing for it, each one contributing a necessary element to its establishment in a world that is rapidly expanding. Everything proceeds slowly, according to divine plans; all is designed with the same rigour in order to bring about an exemplary vision of the world. With each step an element is put forward, allowing for an effective advancement. We want the best for this path of the heart; everything becomes possible when the heart is engaged in this system. Our abhyasis aspire to a significant progress unlike any that has been before, and for important reasons — achieving a state of heartfelt joy is a major advancement, more than has ever been attained. So many elements are being set up in this configuration for the new era. Everything will be done as needed for the best to occur; thus Sahaj Marg will spread across the world for the general good.
