Whispers from The Brighter World

Wednesday, April 5, 2017 — 10:00 a.m.

These writings will leave a legendary mark on our Mission; the years will give it all its importance. Our system is unique — the practice really provides benefits that add up over time. Do our brother and sister abhyasis truly realise it? That is how it is, shall we say. All that is divinely intended and built takes on a significant place over time; thus are the inescapable laws of the Divine. What could the smallness of human beings achieve in the face of this unparalleled force of action?

The Sahaj Marg Mission was built little by little; each of the Masters left a mark and our dear great son Kamlesh will also be very productive in this respect. We appreciate his way of seeing things, of conceiving that which is being built up and which will influence the future considerably. Everything is being prepared minutely — but what results will be obtained! Our greatest happiness is to sustain it, and our love greatly provides for it. All is well in the realm of the Sahaj Marg Mission.

Blessings to all.
