Whispers from The Brighter World

Friday, April 7, 2017 — 10:00 a.m.

Be at peace, dear soul. You have given everything up to now to translate into words the expression of our love for this Mission that is so dear to us. It is very rewarding to see it transform over time and position itself as it is doing. Each of the spiritual Masters has provided what was required so that it could effectively place itself among our brothers and sisters who are truly committed to serving it and benefiting from it. The future will give it a considerable aura; you will all be satisfied with its action and the results it produces.

It takes time for the actions of a spiritual path like this to be established — a path where actual work is done on the beings who need real progress through such a system. The true need for an effective spirituality will become increasingly evident; such spirituality will become vital. May our brothers and sisters grow through this call and give it its true place.

Blessings to all.
