Whispers from The Brighter World

Sunday, April 16, 2017 – 10:00 a.m.

Whatever the day, this heart-to-heart connection is, in many ways, important to you – but not to you alone. Here the words are repeated, transmission too, that which helps our abhyasis much more than they imagine. Sahaj Marg is not an ordinary path, it unfolds over time, and it will remain a reference.

Our dear great son Kamlesh will know in the future how to highlight all that has not been brought out until now. Doesn't everything have its raison d'être. He is an innovator – we appreciate many aspects of his action, even if not everything is recognised as it should be.

Time always succeeds in underlining what must be emphasised. Hyderabad offers a broad action plan; opportunities will present themselves as is fitting. They will benefit this Mission, beyond our wishes.

May the best be in every respect. Sahaj Marg offers wide-ranging possibilities. To all, the best there is.

Babuji
