Whispers from The Brighter World

Friday, April 21, 2017 — 10:00 a.m.

Peace overwhelms your heart; daily worries take up too much time in the course of one's life, but that is how it is. Interiorising oneself remains the surest means of accepting and enduring what life imposes, in many circumstances. The practice of Sahaj Marg helps to clarify situations, which then often resolve themselves more easily.

Sahaj Marg has become a great movement; it will increasingly bring together hearts carried by this powerful wave that allows a grounding deeper than it would seem. It is not always easy to understand what is so important to the human being; there are so many aspects to consider. Our way lays solid foundations that will grow broader in the future. Thus will the heavenly plans be achieved, and their scope will astonish the majority of people, who will be carried with a light heart for having received so many graces.

This is how it is, dear brothers and sisters.
