Whispers from The Brighter World

Wednesday, May 3, 2017 – 10:00 a.m.

Love is the bearer of the strongest and most decisive impulses in life. Without it, what would this world be – it would be very sad indeed. Love permits 'pauses', more joyful periods in the flow of days. The Sahaj Marg way renews itself in its own manner, it brings what is fitting, without even seeming to do so. Spirituality is necessary for human beings; not everyone understands this, and many wander quite far from what would be required. The day that all becomes clear on the path of life, is when progress begins and the aspiration of the soul is fulfilled.

'Sahaj Marg' transforms the lives of many of our brothers and sisters; they become aware of it and take full advantage of this heavenly gift.

This way is adapted to present-day life – it provides a great deal and is not constraining. Only a true commitment of the heart allows the desired success.

The best is accessible to all; surrender to the Master and a deep conviction achieve what is required.

To all, total success – such is our wish, under our blessings.
