Whispers from The Brighter World

Sunday, May 14, 2017 — 10:00 a.m.

Sahaj Marg is the product of grace, initiated by the divinely inspired Masters. It follows its course toward the planned goal, and our dear Kamlesh will give it the final touch. Everything is already written, down to the smallest detail. Hyderabad will be the definitive hallmark of this Mission, which will orient itself a little differently in order to meet the requirements of the times. Everything is indeed simple. Surrender is not a futile notion; it is not easy to grasp its subtlety, but time does its work and shapes the Mission at all levels.

May the best unfold for the growth of all our brothers and sisters who are committed on this long journey towards what is essential.

Blessings to all.
