Whispers from The Brighter World

Monday, May 15, 2017 — 10:00 a.m.

Days pass, destiny weaves its web and humans continue on their way. Much love and surrender are necessary for each person to reach their very best. So many problems and tragedies complicate things. Inner peace is a space to be won over in order to fully benefit from the different aspects of karma. Karma is unavoidable; everything is written, planned for a long time, on this journey towards eternal peace. Sahaj Marg is a valuable asset, leading the seeker to an understanding of the subtlest rules of life, those that help one progress towards a fulfilling state.

Doesn't everything have its raison d'être? From one lifetime to another, that which needs to be is built up, without humans truly becoming aware of it. Everything is written, and necessary to the laws of evolution. Surrendering to these laws allows the seeker to gain precious time.

May the best take place for all, under our ceaseless blessings.
