Whispers from The Brighter World

Monday, May 22, 2017 – 10:00 a.m.

These messages are bearers of a subtle energy; they win hearts, each one in its own way, shall we say. 'Awaited is the message' capable of illuminating the heart, of engendering within it a deep aspiration for the Divine. Such a long time it takes, so many incarnations for this subtle energy to reach the sensitive points. Human evolution passes through different stages; each person does his or her best and progresses at the opportune time.

The results produced by this 'Sahaj Marg' Mission are very satisfactory; how many hearts have found 'the way', the one that leads to real advancement, capable of transforming the human being in this very special asset that is spirituality. In this respect, years have greatly enriched all our abhyasis, it is so delightful to see.

To all, faith and courage, surrender and fervour in this most beautiful way of the heart.
