Whispers from The Brighter World

Saturday, December 24, 2016 — 10:00 a.m.

This journey of messages has been very long and rewarding for many of our brothers and sisters, and a real asset for our Mission. It will remain the only one of its kind — this has to be made clear once again. One day, the reality of these writings will become apparent for the good of the Sahaj Marg Mission and all the brothers and sisters who are truly committed to this initiatory process. This word is not too strong; it is appropriate for that which is and that which will come to be in the future, at a time when spirituality will take on its true place. Humanity cannot continue to stagnate in this manner. The divine power will know how to remedy the situation when the moment comes. So much is being accomplished and prepared in secrecy — notably, an unprecedented openness to a most subtle approach to the Divine. Such is the purpose of our way; it enables advancement that is genuine, although not sensational in its various aspects. Everything has its raison d'être here below. Sahaj Marg is gaining ground in people's hearts. The divine seed always generates the best, and our brothers and sisters who have rejoined us can assess its effects.

Peace and serenity to all during these times at the end of the year, whatever the context. To all of you, the best under our special blessings.
