Whispers from The Brighter World

Sunday, December 25, 2016 — 10:00 a.m.

Christmas day is celebrated in many countries and is a much-awaited time of the year for many human beings. Each country has its own such moment and ancestral habits, with each person conforming to them in their own manner. It is good for human beings to have reference points and to respect customs. These different aspects are characteristic of an incarnation and profoundly mark the life of every human being.

Everyone in his or her own manner cleans, purifies and plans for — in some sense — that which must happen to foster their personal progress. There is so much to do to reach the goal; many obstacles are yet to be overcome. They are decisive in one's life and can facilitate a much-needed advancement, the real goal to be attained. There lies the challenge for all our brothers and sisters who are committed in their personal manner to the long journey towards 'the Essential'. Here, especially, we are seeing to it. We follow our aspirants as best as possible in order to save them precious time on the initiatory journey. The latter is so important — it deserves very special attention.

Peace and love to all of you in concluding this particular year in a state of serenity.
