Whispers from The Brighter World

Wednesday, June 6, 2001 – 8:30 a.m.

As you can see, love saves you from all situations; instinctively you come and take refuge in it. It is the cure capable of soothing your heart when the body torments you and you see no way out.

It is the sole recourse of human beings when all seems lost and hope and courage have abandoned you.

God awaits only that to manifest Himself and stimulate the flame that burns in hearts. In these moments, He grants his grace, like a father distressed about the fate of his child.

Sadhana has prepared the place that quivers under such accents. This sublime voice touches the right chord, which vibrates, for a moment, with happiness and joy.

The ordeal is there, it must be endured, but it gives grandeur to existence, since the divine seal will leave its mark on it.

All of you, call always upon love; it cannot disappoint, it is given to humans to illuminate their lives.
