Whispers from The Brighter World

Sunday, July 30, 1995 – 6:00 p.m.

(In meditation with Françoise, the Master in Nice, meditation at 5:30 p.m. Vision of the three Masters: Chariji between Lalaji and Babuji – they raise Chariji to their height.)

You can love him now; he and I are henceforth but one.

By seeing me in him, you will see things differently.

I am very happy with Françoise; her spiritual conduct is exemplary. Be blessed, my daughters, very soon I will be among you.
