Whispers from The Brighter World

Thursday, September 2, 1999 – 10:00 a.m.

We know that you are doubt personified, but perhaps that is not such a bad thing; it keeps you safe from undesirable egotistic reactions.

We are untroubled about you in this regard; you give us enough worries for other reasons. You have well understood the deep meaning of the symbol. Share it with your friends, they will be able to integrate it and learn how to use it as you do.

All your life you have dreamed of great voyages, and you have made some of them. But the most beautiful one your life had in store for you was this inner voyage which your immobility increasingly obliges you to complete.
