Whispers from The Brighter World

Tuesday, September 7, 1999 – 8:00 a.m.

Surely we can talk from time to time about matters of the heart without it being trivial. Bonds of the heart at this level are no foolish matter.

Human love and love touching on the divine are nothing alike. That love, all of you can let overflow with full confidence, very freely.

Such a love will never disappoint you. It is the essence of everything; it is impalpable, yet it is the only reality in this illusory world.

Above all don't be afraid to give yourselves over to it totally – you will not regret it.

It will transform your life and also give you compassion for your human brothers and sisters who are in darkness.
