Whispers from The Brighter World

Tuesday, September 14, 1999 – 10:00 a.m.

The Medium: O thank you, my God, you are for me this space vibrating with light and love that Babuji speaks of.

You are the 'true' joy of my life. I delight in you, in you in me – you are my treasure, hidden and precious, beyond words, however strong they may be.

I love you with all my soul. May you help your creature to go ever further, towards complete union with you.

aste, my child, and remain in silence and self-forgetfulness.
You are about to pass a milestone that will make this birthday the most beautiful of your life.

The Medium: My thanks to you, Babuji, who are my divine guide, and to you, my revered Masters.

Your cup is full of so much love, we can only feel moved.
You see that we are here, very far from complicated formulas.
The only magic formula: it's Love!
