Whispers from The Brighter World
A Fourth Revelation

Sunday, October 24, 1999 - 8:00 a.m.

The Medium: "Heart of the heart, open up so that my Beloved can enter. You know that only your call makes Him come over. Forget the rest and be totally His."

Yes, my child, it is very true: having unimportant things on one's mind while meditating does not make it easier for a contact to be established quickly, but you know the secret. Let the doors open wide; we will go through them.

"Do you want us to analyse the principle once again? It is the vacuum in the heart that lets grace flow in. By calming one's thoughts, a true heart to heart can be established. We can settle in and do our work.

"We are happy to see how these contacts are fruitful and the extent of easiness we have arrived at in spite of your difficulties. You have to endure so much physically, and when we see you happy despite everything, your joy spills over into us and we also become joyful. You say that our love is the sun of your life; to us also, you are a kind of luminous star, playing its part on the Earth, and which we will go and get when the time comes."
