Whispers from The Brighter World
A Fourth Revelation

*Sunday, October 24, 1999 - 10:00 a.m.*

The Medium: "You are more than one sun to me, you are thousands of suns. These moments of joy that you have alluded to, you are the one who gives them to me when I feel my soul sent into transports of love. This kind of intoxication is expressed by a special cheerfulness which I share with the souls that you have placed around me and who live this beautiful story with me."

*How could we forget you? Your soul is like that of a child that is only expecting love. Even if we so wanted, we could not remain insensitive for a long time to its call.*

*"You ask us every day to forgive you for what you do not do correctly and which we may dislike. Rest assured, my daughter, you are not perfect, far from it, but your goodwill, your sincerity and the strength of your love can only make us melt and see in you only the good side. That is the way it goes; as you can see, we can relent.*

*"Should not one 'become again like a small child to enter God's kingdom'?"*

*Babuji*
