Whispers from The Brighter World

A Fourth Revelation

The influence of Sahaj Marg is extending in India; my son is doing important work. This way is perfectly convenient for our compatriots. India is free on this point; each one can practise as one sees fit, without any restriction. If one does not do evil to one's fellow man, why should one hide?

"We deplore the state of mind prevailing in certain countries in the Occident, but we cannot change anything about it. It will take much time for people's minds to evolve; that will not prevent the souls in need from bathing in this refreshing wave.

"The evolution of beings is fraught with all sorts of twists and turns; so it has always been.

"Sahaj Marg provides a new vision of spirituality and that disturbs some people. People are amazed by its simplicity. What is behind it? Quite simply, an effective means of advancing without external ostentation, without complicated ritual. It is a rule of life accessible to all.

"It does not require more time than gymnastics, jogging or any other care that is available to your body for its balance – and it enables you to live a great mystical adventure."
