Whispers from The Brighter World
A Fourth Revelation

Monday, November 8, 1999 - 10:00 a.m.

Nobody can really define God through reason. He is beyond any definition; for these reasons, we will stick to the same recurring theme.

"Seek Him inside you,with your heart, in your heart. It is the only possible way for man to come near to Him, since He is impalpable and nobody can truly define Him with rational explanations.

"For the moment, we will revert to love; it is the only way that can lead you to Him, that can let you be lost and live in Him. Only this fusion will take you far away from any reasoning.

"Work ardently on this point; your comprehension will broaden and will make you go beyond set formulas.

"Your questioning is justified and desirable, but the more you advance the more the answers will come by themselves inside you. You will cast your own light on its reality.

"One day you will see the end of the tunnel and light will flash onto your dazzled eyes. The eyes of the heart and the soul will be your best guides."
