Whispers from The Brighter World
A Fourth Revelation

Wednesday, November 10, 1999 - 10:00 a.m.

The Medium: "My God, I would like to tell you: I love you, I love you... and I would like this echo to be lost in the infinity. I do not control anything today, Babuji. I feel myself completely carried along by this tidal wave you have mentioned."

There are days like that when the soul cannot stand any more being separated from the Creator by a body which chains it to the material world. This waiting is the best thing for it; that obliges it to see its search through to the end. It is this inner demand, this call, which makes you progress; you cannot move backward any more. It is too strong, too powerful. This divine energy, which develops at the heart level, starts whirling like a cyclone and carries you away.

"These are wonderful experiences which we wish for you all.

"Call the divine presence unceasingly so that it manifests itself in all its splendour to your dazzled heart.

"This is a special day for you, my daughter. Make your circle benefit from it.

"Attend to your affairs while remaining as much as possible in this condition."
