Whispers from The Brighter World
A Fourth Revelation

*Thursday, November 11, 1999 - 10:00 a.m.*

*My dear daughter, we do not want to take up your energy. We know how much of your energy is taken up by these messages. We also know that this does not stop you and that you are ready to drain yourself of your stamina to satisfy us. It is an act of love on your part and your way of saying to us: use me as you wish – both Him and us here.*

*"François told you one day that the end of your life would be the most important [part of it]; do you understand why now? You are making good progress and that makes us happy – we all who love you.*

*"Select what you consider the most urgent messages for transmission to him. See to that with our translator who, as we know, is full of ardour and is not stopped by anything – so it seems – in his eagerness to comply.*

*"With all our blessings."*
