Whispers from The Brighter World

Thursday, April 13, 2000 – 8:00 a.m.

Today is a happy moment for us. A certain number of planets are on the same harmonic line. The beings populating them will feel regenerated. We are working towards this great achievement that will reach its apotheosis in future times. The great architect of the universe has a lot to do. Troublemaking elements sometimes come and spread disorder, and we must remedy it. All of creation is in constant transformation. The cogs of all these mechanisms must remain perfect. There cannot be disturbance in this balance.

Think of the limitless grandeur of creation, where the infinitely small has its place and plays its part.

Each atom originates from this plan; the whole constitutes the framework.

It has its importance, just as much as a human being or a planet.
