Whispers from The Brighter World

Tuesday, September 28, 1999 – 8:00 a.m.

We want your hearts to become jewels. Element by element, we give you the keys to success – how to structure your work, your thoughts, and your conduct, in all circumstances.

If you all really become imbued with these messages, if they are not a mere reading, you must sense each atom of your being transforming itself. You must experience moments of intense emotions, of happiness in the depths of your heart, which is the seat of the soul.

It deserves a showcase of utter beauty, divine in its essence, worthy of what it contains. This treasure, which no one – except your Masters – can really perceive, or assess in its richness, or take away from you, is your own. There are fishermen of precious pearls, but this pearl that is inside you all, which changes and is refined with time, cannot be stolen from you. It will precede you on the celestial fields and will be your most precious identity card. With all your hearts, using the indications we give you, work with us towards the realization of this masterpiece.
