Whispers from The Brighter World

Wednesday, October 6, 1999 – 10:00 a.m.

Grace, my daughter, grace will be the topic today. It is you all who bring it forth, who call it with the impulses of your hearts and a certain inner attitude. It is not given by chance. The state of the heart's vacuity and of surrender attracts it. Please understand that a doubly locked heart cannot receive the beneficial rays of divine love – just as an impenetrable and harsh face does not inspire sympathy. Thérèse of Lisieux, whom you are fond of, said: "In spite of my suffering and sadness, I always try to smile to please my Beloved."

Can one fill with grace a soul that does not call for it? You all know well that grace attracts grace. Therefore, try to adopt the appropriate attitude, that is, the inner disposition that will make the blessing come by itself.

The Medium: Thank you, my God, for having given me this faculty 'to love'. Even this I owe to you, and I thank you for it with all my soul. It is when my heart overflows with Love for you, that indeed I feel grace come over me.

You see, my child, it's simple. Love, surrender, the heart of a child trusting in divine mercy and surrendered to its Master – that is the secret. Let love grow within you all, it will not remain without echo.
