Whispers from The Brighter World

Tuesday, October 12, 1999 – 10:00 a.m.

We want to sensitize you all on this aspect of your process, but don't feel guilty if you do not feel carried away with Love. That doesn't prevent you from advancing. Sooner or later, you will experience this blissful state. You are committed to a path, you are doing everything we ask of you. Your diligence bears fruit, even if it's neither visible to others nor felt by you. Everyone has their own reactions, their way of being. There is no standard model, so keep doing what you can, with all your heart. We are not asking anything more of you.

Within a group, there exists a great diversity, but the entirety forms a coherent whole. The different elements of a physical body produce a harmonious and well-functioning result. The human creature is a beautiful achievement. For that, we are working together so that you all go as far as possible and spiritual realization is achieved within you; there lies the ultimate result.

Let us continue to advance towards that goal for your greatest happiness and ours.
