Whispers from The Brighter World

Wednesday, October 20, 1999 – 8:00 a.m.

The continuation of this 'heart-to-heart' could be entitled, 'the uplift', but we will remain discreet; a soaring, that is what it must become in your minds. Keep these messages within reach and read them whenever you feel the need, or quite simply when you wish to be united with us. They will continue to enrich you all. They create subtle ties between you and us – unfailing ones. You contribute to the preparation of these collections; it is a real opportunity that falls to you.

Sahaj Marg is a great spiritual movement created to help humanity. It will go through storms caused by the negligence or vanity of a few people.

But that will not prevent it from forging ahead. It will get around obstacles, level difficulties and fulfil its mission of illuminating the world.

Nothing will stop it; what God decides is carried out at all costs by His grace.

Be good elements, vigilant concerning yourselves and others, determined to make the most of this exceptional tool given to humanity – in this century and in those that follow – a tool that will entirely fulfil its vocation.
