Whispers from The Brighter World
A Fourth Revelation

Saturday, November 20, 1999 - 8:00 a.m.

Love opens all doors. Apart from your spiritual life, you can see it around you: good thoughts and finer feelings, which you express towards others, remove barriers. Beware of certain reactions that you can have towards disagreeable human beings. Try to offset this attitude with an opposite reaction, otherwise you will reinforce theirs.

"Love must be experienced every day. Try to extend the inner state which you experience in your practice to your regular life. It is a rather long training process, but it pays off. Thus, you will not dissociate these two aspects of your life any more.

"You will gain from it; you will face up to events more easily. By responding to aggression with an equivalent reaction, you pollute yourselves. With some effort, you will arrive at a certain degree of self-control. Even if sometimes you lose your temper, you will rectify the situation very quickly.

"That will benefit your inner peace; you will no longer blame yourself for having overreacted. Plunge into yourself and find your calm and the serenity which unites you with the Divine."
