Whispers from The Brighter World

Monday, December 13, 1999 – 10:00 a.m.

Let your heart go completely. Let it 'burst', offer no more resistance to our work. You are going through a delicate period, we have to surround you like a baby. Can you imagine that a little?

Observe well all the states you are going through. We do not have to explain, it is up to you to feel and to draw conclusions. We know that you do not torture your mind by wanting to understand absolutely; that's fine. Being is enough for you, you are advancing in a certain kind of detachment that is the sign of the surrender we are asking you to achieve.

Reaching this point is a Grace; your body must deal with its material life, and your spirit can sail towards other shores.

My dear daughter, henceforth there are two distinct beings in you. Manage this situation as you are able. The love that carries you will help you stay in the middle ground. We are guiding your steps on this luminous path where only your heart surrenders. Have utmost confidence regarding all that. Be concerned only by the problems of everyday life, this material side which bores you tremendously – but you cannot do otherwise, nothing is perfect in this world.
