Whispers from The Brighter World

Tuesday, December 28, 1999 – 8:00 a.m.

Ignorance and intolerance are the two plagues of humanity; they cause so many tragedies!

If you all take a good look around you and analyse the situation, you will realize the evils that they cause.

Peoples are exterminated; humans imprisoned, tortured. It has always been so, but the means employed are more and more powerful and destructive.

Nothing stops this madness; incomprehension and hatred are manifested at all levels of human society. Will divine wrath have to manifest itself in all its might in order to stop people's madness. This is to be feared.

The escalation is not only endless and worrying for the equilibrium of the planet, but also for the system of which it is an integral part.

You who are wise, pray for humans to return to their senses and for this madness which is poisoning the world to stop.
