Whispers from The Brighter World
A Fourth Revelation

My dear daughter, do not mind the investment. You should feel some improvement with this treatment. Everything possible should be done to make your life more bearable.

"This man, as you have seen, will join spirituality one day, truly. He will change completely and will focus all his efforts on this spiritual search that attracts him, but he gives priority to his work as a doctor for the moment. He too, you will help generously; isn't it the main thing to see a soul finding its true way!

"As fascinating as a profession may be, you still have time to eat, to enjoy yourself and many other things. Until the inner call is at its strongest, man finds excuses not to answer the aspirations of his soul. A day will come when the call will be irresistible, and then he will not be able to do anything but surrender and give priority to the process which will bring him towards the main thing.

"Each person has his own circumstances. The ways of God are highly varied. He awaits a favourable moment to come and seize the jewel and illuminate it with His sublime fires."
