Whispers from The Brighter World

Friday, January 14, 2000 – 10:00 a.m.

Being the link that enables us to communicate with all of you on this Earth is a beautiful mission. We are happy to be able to express ourselves by this means and to reach out personally to certain loved ones very close to our heart. We have touched on many topics but we cannot go beyond, in certain cases, in the explanations we give you.

We regret it; there are limits not to be exceeded concerning the teaching given to Earthlings.

You have enough information to fulfil your life in the path you have chosen: that of wisdom and true spirituality stripped of all superfluity. Have your own credo, track your weak points, and let the strongest ones grow as much as possible. Become lions,' roaring inwardly and perfectly disciplined in the outward manifestations of your behaviour. Let a powerful fire burn within you, eradicating all the dross likely to limit your ascent! Be blessed, all of you, in your undertakings.
