Whispers from The Brighter World

Saturday, February 5, 2000 – 9:30 a.m.

My son's spiritual entity accepts the principle. We must advance step-by-step. His incarnate being must accustom itself to the idea of using this means of communication with us.

It is a question of adaptation and setting up of the system.

We wish for it to be like this, and it should come about.

Take care of yourself as much as possible my child; keep with what is essential, save yourself for us. We love you and we support you.
