Whispers from The Brighter World

A Fourth Revelation

Saturday, November 27, 1999 - 8:00 a.m.

There is a very long way to go to arrive at where François is, but it is worthwhile. There are souls ready to be guided towards the final goal. It is easy, then, to co-opt them so as to direct them more quickly to where they must go. At the beginning, there is sometimes a coincidence for some of them which can make it go faster and, moreover, God gives His grace where He wants, with His own criteria which have nothing to do with those of humans.

"Yesterday was a beautiful day for you, my dear child; we know how much this information makes you happy. What is proposed to your son-in-heart also touches you. He will do a lot, he has the necessary means; his partner will assist him wonderfully. They form – the two of them – an efficient team.

"We have been keeping an eye on them for a long time. He has exactly the suitable profile for this action relating to the structuring of the Mission on the world level, as he considers the various aspects that will make it completely in tune with future times.

"Spiritual life does not exclude an involvement in the material life, where millions of brothers and sisters are struggling.

"We will not be absent from the struggles that will be generated by the third millennium."
