Whispers from The Brighter World
A Fourth Revelation

Saturday, November 27, 1999 - 10:00 a.m.

You are serving us, my daughter, and we are satisfied. Have we not said it already? Do not always be in self-doubt like that; because of it, you do not take into account some of the information about you. This information could be useful to you; therefore you should try to pay attention to it.

"My son's trips, in spite of his resulting tiredness, make us happy. They produce such an impact; the results of his work are increasingly powerful and far-reaching.

"You should actually get accustomed to the fact that he cannot be physically present everywhere. It is up to you to go towards him insofar as you can possibly do it. Europe is vast and Sahaj Marg is expanding, it is in the nature of things. You must understand that he cannot satisfy everyone.

"France has been privileged for many years; my son has been coming towards you and you do not always make the effort to travel [towards him]. Even if you have good reasons for not doing so, you must understand his reasons. Physically, he is not a superman; he also has his own physical limitations.

"Do not worry. Wherever you may be in the world, you do not escape the vigilance of his spiritual power."
