Whispers from The Brighter World

Saturday, October 31, 2015 – 10:00 a.m.

This lively faith within you has always been your strength in an incarnation fraught with ceaseless trials. There, what must be is accomplished; suffering endured with faith and a determination to face up to it becomes an unparalleled asset. Thus, the best is achieved. Everyone has their own karma and must face up to it. A spiritual master, however great, is not spared, as history has so often shown. 'Doesn't everything have its raison d'être'; acceptance helps one to grow, to understand the true meaning of life in all its subtleties. How many times do human beings find themselves helpless in the face of ordeals from which no one on this Earth is exempt. The other kingdoms are not spared either; the sufferings of the animal and plant worlds are great, and moreover not understood by humans as they should be. The plant world is the most helpless, having no means of expression that can be perceived by humankind.

Courage and perseverance are major assets. When faith and spiritual commitment carry a person on a daily basis, everything becomes more bearable, allowing each one to grow according to our wishes for the multitude of our brothers and sisters who are increasingly developing a very beautiful aura in this way of the heart, unique in its effects, you can be sure. So it is.
