Whispers from The Brighter World
A Fourth Revelation

We do not distribute rewards, decorations; we have our way of thanking the good servants of the Mission. There are many people of goodwill, in different fields. Each one adds their contribution to the edifice,

even if they do not have special material or spiritual work. Being a staunch abhyasi, active in one's practice and in group events, all of that contributes to reinforcing our action and to helping build a strong Mission that benefits the greatest number of brothers and sisters.

"Unity in effort pays off. Everything you do with your heart, with determination, is constructive. Your efforts are counted; they are capitalised at the world level, like assets in a bank of this importance.

"Whether your life is active or contemplative, you act for the good of the same company – ours, yours. Each one of you works for yourself, but also for the whole Mission. That must be encouraging for those who do not have active roles to play and who believe they are forgotten.

"You all are equal and important to us."
