Whispers from The Brighter World
A Fourth Revelation

Monday, November 29, 1999 - 8:00 a.m.

My dear daughter, these last days have been full of contacts for you. We have somewhat imposed on you and we will slow down. We know that by yourself you will never slow down.

"Your mission – let us call it like that even if such is not how you consider it – has its importance, you can believe us. We will not predict anything regarding the future of these messages. They will find their place, their own life, among the writings of Sahaj Marg.

"They will help some souls to see things more clearly, to better understand their personality and better understand themselves. Our candidates are following a path that is not easy when one is really committed.

"We are very confident; a great impulse is given to the Mission. Our teachings and our work are bearing fruit. The method is suited to modern times and can satisfy a great number of hearts fond of the Absolute. They will not be disappointed. We promise only what we can give them.

"Our Earthly family is expanding beyond our hopes. At the beginning, some disciples of Revered Lalaji carried their fruits worldwide for the glory of the Almighty.

"Be blessed to hold this torch which is nowhere near dying out."
