Whispers from The Brighter World
A Fourth Revelation

Monday, November 29, 1999 - 10:00 a.m.

Love should be a great current uniting all hearts. What is it actually all about? It exists among humans. Big movements of solidarity are being set up more than ever before: that is good.

"However, we are anxious about seeing such a fit of violence spreading. It is getting uncontrollable and dangerous, exacerbated by drugs being spread in various forms, all of which are equally frightening for man. It is necessary to fight against this plague that is affecting more and more the lifeblood of the world – mostly the youth.

"We are thus beyond our usual framework, but how can one remain insensitive to that? And although the purpose of the Mission is of a very different nature, we can still ardently wish that an important global action be taken to check this devastating plague.

"Souls are longing for the joys provided by a spiritual life and not for the fake ones brought on by artificial paradises. Pray for all these poor people who indulge in such practices, thus calling into question their own evolution."
