Whispers from The Brighter World
A Fourth Revelation

Tuesday, November 30, 1999 - 10:00 a.m.

It would be reasonable not to overexert yourself today. We will say only this: the Mission is advancing, the Mission is growing, and its future is all set. Not only are the foundations strong, but the edifice will keep growing with the passing centuries.

"We have been the pioneers of this beautiful history for humanity.

"It is not easy for you to realise that its importance is not only for your time, but for future times.

"Be happy to be in a way which is solidly taking root and which will influence this century and the ones to follow.

"You are at the dawn of a new era where spirituality, with time, must hold a preponderant place. Even if it does not resolve all problems, it represents a salvation for men of goodwill. We will conclude with this optimistic note.

"Rest, my child, and learn how to better manage your energies; you cannot afford to waste them."
