A Fourth Revelation

You see how humans are changeable and disappointing; do not dwell on these kinds of reactions. Correct your inner state, as we have just said in the previous message. Nothing should disturb it for a long time.

"Is this important? No, so turn the page and plunge inside yourself, where we are in a permanent and immutable way. You see how practical it is; you immediately clean up the unpleasant impression that was lingering in you.

"Is there anything more right than this maxim of Teresa of Avila, who influenced your life: 'All is nothing, God is all'? Whatever the importance of what affects you, you should bring everything back to God, and thus you will not be disappointed.

"Life, strength and love are in you, within your reach. You can use it as much as you want. Do you really want it? That is the question, it is your life, and it is your choice."
