Whispers from The Brighter World
A Fourth Revelation

Monday, December 6, 1999 - 8:00 a.m.

If I am your light on Earth, why do you not want to write it? Your circle has known it for a long time. We have, on several occasions, strongly urged you to write about the strong inner experiences; there is no weakness in expressing one's feelings. There is nothing soppy in this and it has required a big effort by you; it was so desired.

"In this kind of situation where there is utmost sincerity, an excessive sense of propriety is not desirable. It sometimes makes you miss a true soul encounter. As far as you are concerned, it was almost a therapy, which could give food for thought to certain readers of these lines.

"For a healthy being in this kind of relationship and spiritual love, there is nothing to hide. Showing how one can love beyond Earthly bonds is beautiful and not excessive, you can believe me.

"Through me, it is God whom you love since I am the being divinised by His grace and whose representation reassures you. He has no face; He did not materialise himself on the Earth and did not leave disciples and writings.

"Love fearlessly and boundlessly, and may you set an example for others who do not dare, even inwardly, to express themselves like that."
