Whispers from The Brighter World

Sunday, February 27, 2000 – 8:30 a.m.

We have already told you this – you must meditate as much as possible so that a certain work can be done on you easily.

It aims to allow a kind of harmonization between my son and you. Things are not simple between the two of you; there are resistances to overcome, so on your side too, make an effort to facilitate our action.

Forget the past, consider yourself a new being, starting to write the first page of her history. A completely blank page, where unknown signs will be inscribed, which you will be able to decipher with the heart. It's about a long and ancient story and you will find your bearings while advancing in his footsteps. Your real identity must be revealed and lay bare a new being. Don't have any concern, remain in surrender, divine will must be fulfilled. So it is.
