Whispers from The Brighter World

A Fourth Revelation

Thursday, December 9, 1999 - 10:00 a.m.

It sounds trite to say that it takes all sorts to make a world, and yet it is a necessity which may not be binding on you, but which is real.

"Each element of a body, whatever it is, is important. There is a wealth of examples around you and there is no need to dwell on the issue. We have been clear as far as you are concerned and you have understood.

"You ask us to make you become the best possible tool for us; this is included in your everyday prayers. You are a tool, indeed, and we use your gifts.

"You all are tools with your respective capabilities. Isn't the main thing to belong to this Mission which is dear to you and which is advancing forcefully towards the future?

"You belong to this 'whole' which will mark humanity; it is important for you to understand it well. You have a personal responsibility in this great spiritual undertaking of the century.

"Meditate well on this aspect of things and let light fully shine inside you."
