Whispers from The Brighter World
A Fourth Revelation

Saturday, December 11, 1999 - 8:00 a.m.

Render thanks, my dear child, for being noticed by His Greatness."

The Medium: "It all happens through you, Babuji."

"Partly, but He can by Himself appreciate the souls. Your way is becoming luminous, you are advancing in our direction and that makes us happy. Continue doing as best you can to serve us and love us as you have been doing.

"There are various forms of devotion; each soul has its own way, its personal approach to the Divine. This is why you feel closer to certain great mystics than to others.

"Yours is very simple, luminous and straightforward: it is love. Your heart is imbued with it, it nourishes you, it sets your soul ablaze. You know well this feeling that I also experienced on the Earth, this overflowing love that you cannot contain and which, sometimes, escapes your control. All these feelings, we know them and we are delighted to see you engaging in the same direction.

"When you are completely overcome by it, your happiness will be complete; nothing else will count for you, except for sharing it with others."
