Whispers from The Brighter World

Thursday, September 14, 2000 – 10:00 a.m.

Pure hearts understand instinctively. They don't need a long speech to feel the truth of our remarks.

Free of superfluous intellectualism, they are given the ability to grasp what is hidden behind the words. This reading, done with the heart, is not accessible to all; it is the prerogative of souls matured in the fiery glow of love. These messages will not be perceived in the same way by all readers. Insignificant to some, disturbing to some, for others they will be able to strike a chord, helping them in their evolution.

Each one will find what they need, even if the positive aspect of this reading is not felt immediately.

Read and reread them if need be, until their hidden meaning appears to you in all its truth.

We quote people, it's essential. We address human beings who are concerned with what we have to say. We cannot abstract them from this canvas woven for them.

Everything has its raison d'être; to remain in this abstraction would detract from the whole.

We know what we are doing, it's up to you to understand it.
