Whispers from The Brighter World

Friday, October 13, 2000 – 10:00 a.m.

Our way is acquiring a new status that will enable it, to a certain extent, to balance the negative powers that are rampant all over the world.

This century will be a long transitional period. A balance should be established and hatred between peoples calm down. A major cleaning is necessary to soften the customs of those who are the most determined to harm and destroy what doesn't resemble them.

Only love can soothe resulting injuries. It is heartbreaking to see how the same events recur periodically.

Learn to master your thoughts so that they emit vibrations of peace and love. It is your only recourse in this dilemma, where old hatreds are maintained in these countries close to yours, which risk destabilizing peace in Europe.

Do your best with means at your disposal; you are our peace soldiers.

You have our blessings.
