Whispers from The Brighter World

Friday, October 20, 2000 – 10:00 a.m.

All of you are connected to the same source by a kind of invisible thread, this is an image to make it more concrete. The system is more complex and above all vibratory. Different wavelengths connect you to the invisible; your spiritual work refines you and places you on the appropriate circuit.

We will soon conclude this 'Epilogue'. There is sufficient food for thought in all that has been said. Each reader of these lines will react in their own way and will derive benefit according to their interest in it.

The same applies for the basic teaching we give and the reading of the many books we have written.

The most demanding need can be met and bring you to a true awareness, to focus on what is essential.

Each one must be able to advance on the path that suits them, supported in their convictions by an assiduous practice and a book-based teaching that is widely open.

We believe we have put at your disposal that which is needed to respond to your expectations.

Follow your Master with full confidence, he is a very sure guide. Be surrendered and joyful for having found a spiritual way that fulfils your aspirations.
