Whispers from The Brighter World
A Fourth Revelation

Tuesday, December 21, 1999 - 10:00 a.m.

We love you; never doubt it, even if your life is not as you would like it to be. We give an equal amount [of love] to each one of you, but your processes are different and are adapted to what you must achieve during this stay on the Earth.

"God has multiple resources and He knows how to make you receive exactly what you need.

"You should consider yourself happy with your fate whatever it is. Do not see injustices where there are none; your lives are different, that is all.

"Love one another. At the risk of repeating ourselves we say to you: accept one another for what you are, with your respective characteristics. Look at the most unlucky people, the most deprived ones, at the end of this year when so much money is being spent on trivialities, whereas most of the beings living on Earth die of hunger; think on it."
