You must permit this way of communicating between us. It's your eternal lack of confidence that's playing tricks on you. You'll have to make do with this formula, it's more practical for me. Please don't block the system with my Beloved. Don't refuse, even unconsciously, a message pertaining to me. You have the big advantage over me of being able to talk to him directly. So be available to me, I'm asking you to. Don't delay the evolution of this relationship, which he has been expecting for so long. We must try to make up for lost time and give him this pleasure. If you really love him, you must comply, so that we can continue to move forward.

I'm so looking forward to having knowledge of most of these messages. My heart is rejoicing over it, you can't deny us that. Don't wait until it's too late, our ambassador is ready. His enthusiasm is comforting, these messages will have no greater convincers of their authenticity and beauty. Rest assured, we will resume negotiations; and I beg you, in the future, accept that we communicate in this way, so easy for both of us.
